To the Democratic Voters:

With a deep sense of my obligation, I acknowledge my gratitude and express my sincere appreciation to those loyal friends who voted for me and supported my candidacy for Legislative Post No. 1 in the recent Democratic Preferential Primary.

As Hempstead County is a large county, with varied interests to be served, I offered myself as a candidate for one of these Legislative Posts with an abiding feeling that in all fairness and justness one representative should be chosen from the North end of the county.

As Hon. Emory Thompson, who has already served one term in the Legislature, and who lives in the South end of the county and is identified with that section, will be reelected to Legislative Post No. 2, without opposition or question, I feel that the voters, when it is brought to their attention, would not in fairness and justness to all, assume to deny that the other representative should come from the North end of the county.

Accordingly, as a lifelong citizen of Hempstead County, and one whose every interest is identified with her welfare, I urge my friends, and appeal to every fair minded voter, to join with me in helping to elect H. W. Timberlake to Legislative Post No. 1, that the honors, as well as the representation, of both sections of the county may be equally divided.

While Mr. Timberlake, who is a native of the county has never held a public office, yet I can heartily recommend him as a man of character, ability and worth, and one whose every interest and aspiration is intimately identified with the future and welfare of Hempstead County.

New Secret Weapon Tried Against Japs

U. S. Pacific Fleet Headquarters Pearl Harbor, July 31.—(AP)—A secret weapon gave American forces a new advantage in their invasion of the Marianas today as their spearheads hammered a widening wedge across Guam and swept past Tinian's largest town.

"One of the most fearful instruments of death from America's arsenal of secret weapons" aided the Tinian invaders, War Correspondent Clinton Green reported as Adm. Chester W. Nimitz announced it. Guam's main harbor and airstrip already were in American use.

Security prohibits even a hint as to the nature of the weapon, Green said, but its effectiveness has been proved.

"It is truly fearful and it is extremely doubtful whether any human being within 10 feet of its action would be able to survive," he wrote. "It is easy to foresee the devastation and death which would result from its use on such targets as the crowded cities of the Japanese homeland."

While the Yanks speeded their Saipan-born envelopment of key Marianas islands, the Far Eastern air force, struck significant blows 1,300 miles to the southwest. Lt. Gen. George C. Kenney's fliers hit Japanese bases in Northwest New Guinea and Halmahera island, Gen. Douglas MacArthur's stepping stone to the Philippines.

American warships dramatically reentered Guam's port Apra, one time U. S. naval base and the best harbor in the Marianas, after the harbor's south arm, the Oroquieta peninsula, and took the 4,800-foot airstrip.

He added that patrols from Apra had crossed eight miles to Guam's east coast without encountering resistance, thus driving a wedge between the Japanese defending forces. American artillery shelled enemy east coast positions from captured mountain heights.

mile north of Guam, swept through Tinian town, shattered capital on the southwest coast, Saturday afternoon. Simultaneous gains of up to two miles were registered all along the trans island front, but the 4,000 or 5,000 Japanese trapped in the southern third of the island, an area less than five miles square, were stiffening their resistance as the noose tightened.

Light American planes already are using Tinian's Ushi airfield, largest in the Marianas.

Governors to Boom Dewey at St. Louis

By The Associated Press

Politics takes a sudden spurt this week, more than three months ahead of the national election, with candidate-picking by parties in seven states and a meeting of Republican governors at St. Louis to boost Thomas E. Dewey's campaign for the presidency.

Dewey, due to arrive in St. Louis Wednesday after stops at Pillsburg and Springfield, Ill., told news conference in New York:

"I am very hopeful the conference of governors will furnish a real example of solving critical problems of government by discussion, instead of leaving them unsolved as has been the case for the last 12 years."

Renomination efforts of Rep. Hamilton Fish, New York Republican whom Dewey criticized last week on the grounds he had raised "racial and religious issues," and of Senator Bennett Clark, Missouri Democrat, are of chief interest nationally in this week's primaries.

Both come up tomorrow. Fish is opposed by Augustus W. Bennett, Newburg lawyer. The congressman said yesterday his attorney would bring libel action against Playwright Maxwell Anderson and other signers of an anti-Fish political advertisement. Wendell L. Willkie agreed to represent Anderson as "a public service" when Fish

had mentioned being before. Clark, a hard worker in the nomination of Senator Harry S. Truman as the Democratic candidate for vice president, is opposed by State Attorney General Roy McKillick. McKillick has been running as pro-Roosevelt, and in attacking Clark's record blasted at "senators blinded by isolationism."

Missouri nominations will also be made tomorrow for the governorship, 13 House seats and a full state ticket. Fish's seat is one of 45 in the House for which nominations will be made in New York.

The remainder of the week's schedule includes primaries in Kansas and Virginia tomorrow, primaries in Tennessee Thursday, a Democratic convention in Connecticut Friday and Saturday, and primaries in Kentucky Saturday.

Also, on Wednesday South Carolina Democrats are to have a state convention to decide on what attitude to take toward the decisions of the national convention in Chicago. Anti-administration Democrats in Alabama have called a convention for Friday.

FULBRIGHT only Arkansas Congressman to Vote to Retain Negro Communist, Wm. Pickens

\$5600 Federal Promotion Specialist and Associate of Earl Browder!

HERE'S THE EVIDENCE AS TAKEN FROM THE

Congressional Record

PROCEEDINGS AND DEBATES OF THE 78th CONGRESS, FIRST SESSION

Vol. 89 WASHINGTON, FRIDAY, FEBRUARY 5, 1943 No. 20

On February 5, 1943, a group of good sound American members of Congress, in our House of Representatives, fought against an appropriation to continue the employment of Treasury Department Promotional Specialist, one William Pickens, a Negro affiliated with dozens of Communist organizations, an associate of EARL BROWDER, notorious Communist leader.

It was stated on the floor of the House that this negro, Pickens, was Chairman of several Communist organizations. It was further stated—and not disproved—that when EARL BROWDER visited China and other countries organizing communists he appealed to Pickens to cable him money to carry on this work, indicating the prominence of this negro, Pickens, in the movement. It was further stated that on numerous occasions Pickens made speeches and public appearances with Browder and other well known Communists, both in the United States and abroad. Pickens' communistic speeches were given banner play along with Browder's in the Communist Newspaper THE DAILY WORKER.

The group of good sound American members of Congress offered an amendment in the House which would have cancelled the Appropriation for the communistic Pickens' salary (\$5,600) thus kicking him out of our American government.

The following Arkansas congressmen voted to kick this Communist Negro, Pickens, out—Cravens, Gathings, Harris, Hays, Mills and Norrell. There is only one other Arkansas congressman. His name is J. W. Fulbright. He voted to retain the Communist Negro, Pickens.

The actual record of all this may be found on Pages 671-796 of THE CONGRESSIONAL RECORD, Vol. 89, Fri., Feb. 5, 1943.

This is no "rumor" Mr. Fulbright but documented fact, taken from the Record!
